

Mining and Financial News

BY REVIEW LEASED WIRE

NEW YORK, July 27.—Important stocks, particularly rails, were once more under moderate pressure today, with sympathetic heaviness in some of the better known specialties. Trading was almost the lightest of any full session thus far this summer and was limited more than ordinarily to the usual speculative favorites, a half score of which made up fully 90 per cent of the day's business.

There was again a complete absence of outside interests, this fact encouraging the bears to continue their recent operations for the declines. General news had little or no bearing or influence on such changes as were recorded. The last half of the session was characterized by absolute stagnation, with some shading of prices at the close.

Total sales of stocks amounted to 252,000 shares.

U. S. Steel was even more apathetic than yesterday. Declines of 1 to 2 points were registered by rails.

The imminence of important developments in the railroad situation was again used as a lever to depress these issues, few of which showed any resistance.

Mexican Petroleum, Texas Company and the motor accessories were heavy. Another break in German exchange, with marks at 71 1/2, the lowest rates in several months, featured the international money markets. Bonds

were irregular. Total sales, par value, \$4,290,000.

U. S. 2's declined 1/2 per cent, the 3's and Panama 2's advanced 1/2 and Panama registered 2 1/2 on call.

Chicago Grain

CHICAGO, July 27.—Wild turns in the wheat market today raised values at times nearly five cents a bushel higher than yesterday's finish. Ruinous crop condition resulting from black rust and from heat blight were pointed to in dispatches from the spring wheat states, with continued assertions that Canada was also affected. The market closed unsettled at 3 1/2 to 4 cents net advance, with September \$1.13 1/2 and December \$1.18 1/2. Corn gained 1/4 to 1 cent and 3/4 to 1/2. In provisions the outcome ranged from 1 1/4 decline to a rise of 5c.

Buying on a large scale began in the wheat pit as soon as the market opened. Even the most conservative authorities admitted that the black rust was spreading and was doing material damage.

Some estimates on black rust damage to wheat in South Dakota ran as high as 80 per cent. Thirty-two fields were abandoned, were said to be not worth setting. Reports of the corn crop going backward on account of continued extremely dry, hot weather, resulted in higher prices for corn.

Oats made only a slight response

to strengthen other cereals. Provisions weakened under liberal offerings.

BOSTON, July 27.—The local market was dull and featureless all day. The public is indisposed to act and market goes along in a rut. Seems to be plenty of stock hanging over the market for foreign accounts and do not look for any advance until this is cleared up. There was a slight rally today but on the advance there seemed to be plenty of securities for sale. With the Mexican situation hanging fire foreign liquidation, threatened railroad strike and the uncertainty of the coming election, do not look for much of an advance at the moment. Would only buy on sharp dips which we get from time to time until the whole situation is much clearer. Copper 25 1/2.
